Why use 'Clean for the Weekend'?

This is not your average car cleaning and valet service. We bring the expertise and attention to detail of a professional hand cleaned finish with the convenience of a drive-way service

- Convenient on the drive-way service
- A personal commitment to customer satisfaction. My pride, in your joy
- We bring the tools – pressure washer, snow foam applicators, hand polishers, clean applicators, premium and safe wash products applied properly to ensure a premium finish
- Seasonal focused cleaning techniques for summer, autumn and winter conditions
- Expertise in maintaining that factory look for longer

Why not the Supermarket?

- All of our cleans are a minimum of 1.5hrs, guaranteeing you a premium finish
- We don't re-use dirty, oily and greasy sponges from clean to clean. Each job uses fresh micro fibre mitts, applicators and dryers and all buckets have grit guards to ensure your paintwork doesn't suffer
- Why clean it and then get it dirty on the way home? We'll come to you. Got a job on at home or just don't have the time? Our trusted and friendly service will come to you

What's included?

We offer our customers a range of services designed to suit your needs. We offer a range of additional extra's if you would like to discuss a specific option, adding options or maybe a service not listed, let us know.

Also happy to discuss options for regular bookings.
