Work can also be based on a 'time and materials' basis, including machine polishing, to accommodate any number of different services that may need attention.

If you would like to add any of the items, not included in the service you require, Eg, Snow Foam pre-rinse to a Junior Valet or a Wax coating to the Premium Valet, we can look at adding anything as an optional extra for you and would happily discuss seasonal or irregular treatments when applicable. Also happy to discuss options for regular bookings.

Optional Extras
